*"I was the
unlikeliest fencer
you'll ever meet."*

01

THE UNLIKELIEST FENCER

Starting Point

Before fencing — zero sports. Computing kid.
Started at 15 — the oldest beginner in the room.

Uncoordinated. Unathletic. Everything was hard.

0

years of sports experience

THE ROADBLOCKS

INJURY

Partial MPFL tear
Recurrent dislocations
Left knee

SETBACK

Months sidelined
Progress reset
Couldn't train

MENTAL

Quit. Multiple times.
Watched from sidelines.
Came back. Every time.

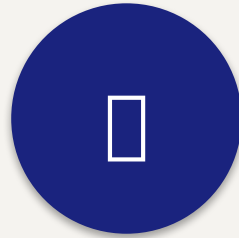

"Every time I got injured, it felt like the end of my fencing journey."

WHAT FENCING GAVE ME

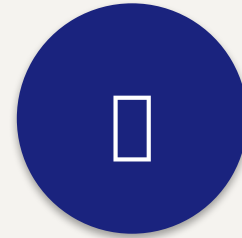

Personal Growth

From self-critical and defeatist to resilient and mature. Fencing forced me to grow up.

Irreplaceable Bonds

Friendships that go beyond the piste. The people who carried me — literally and otherwise.

Unwavering Passion

Quit every time I got injured. Couldn't stand watching from the sidelines. Came back every single time.

MY VISION AS WEAPON CAPTAIN

"My goal isn't to create new initiatives or overhaul the club.

My goal is to share my passion — and make sure EVERY member gains as much from fencing as I did."

PASSION

Share the love for the sport

COMMUNITY

Build irreplaceable bonds

GROWTH

Everyone gets better — on and off the piste

THANK YOU

I look forward to your questions.
